## ENHANCED CASE MANAGEMENT ELEARING

### LEARNING ACTIVITY DETAILS

Description:

Through the utilization of enhanced case management services, SUD providers are able to bill for services they were previously unable to, and utilize their skillset and perspective to provide more collaborative care with mental health providers. In this eLearning, you'll learn about the shifts in case management for DMC-ODS, including the changes and additional services available to service recipients and providers. You'll learn how to utilize available billable services with the goal of providing an increased quality of care throughout the community. And, you'll learn about the referral process within San Diego DMC-ODS focused on integrating mental health and substance use services into an improved and unified Behavioral Health system of care.
