APS Leaders Institute Workshop

Multi-Disciplinary Team Nuts & Bolts:

How to Start & How to Level-Up

VIRTUAL TRAINING

June 11, 2024- Multi-Disciplinary Team (MDT) Nuts & Bolts

This workshop focuses on how APS programs establish and maximize MDTs in their counties. Panelists from small, medium and large counties will share the nuts and bolts of starting MDTs, lessons learned, the motivators and organizing principles for new and evolving MDTs, how to bring partners to the table – and keep them coming back. Models vary by county: leadership, types of cases being triaged, frequency of meetings and whether they are in-person or remote, and foundational agreements for a group's purpose and how information can be shared. Additionally, the California Elder Justice Coalition will share resources from its A*Team with county, state and national leaders, formed to address systemic barriers to MDT functions.

Save the date and watch for registration to open. Don't miss this opportunity to leverage resources to get started or level-up an MDT in your county!

Workshop Overview

- ❖ Welcome
- ❖ Panel Presentations
- ❖ Q&A with Panelists
- ❖ Breakout Groups
- ❖ Debriefing with all Participants
- ❖ Workshop Evaluation
